

Davis Family proudly presents: 10th Annual Battleship Ride

RACE

2012

19 February 2012, 8:00 am 2860 Mandeville Lane, Pensacola, Fl. 32526

This is an annual tradition and a great early season century from the West side of Pensacola through the rolling hills of Escambia and Baldwin County to the USS Alabama and back. Shorter options for this ride exist, including one way rides out or back (often depending on which way the wind blows). Many of the Alabama WFW members ride toward Pensacola and meet the Floridians somewhere in the middle of Baldwin County and make the ride to the Battleship together. The ride is unique due to the continuous SAG vehicle support, and food at the rest stops.

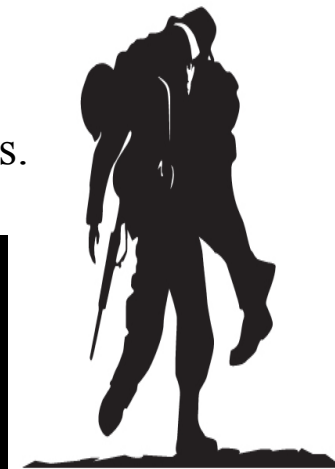

New for 2012 is the opportunity to make a donation to the Wounded Warrior Project's Soldier Ride (a rehab through cycling program) and/or toward my quest for a Masters National Championship title with the US Military Cycling Team. As a proud, retired Marine and a passionate cyclist I will continue this journey to a national title while supporting our US Military Wounded Veterans no matter how many years it may take.

Also to commemorate a decade of Battleship rides each cyclist, sponsor and volunteer will receive a one of a kind USS Alabama Battleship Wounded Warrior Soldier Ride Metal.

Come join us for a fun filled day of riding in Honor of our Military Services.

"Bad weather date" 26 February, 8:00 am
